Lyman, who is holding court in Yavapai county, and Judge Stanford, who is sitting in cases being tried in Santa Cruz county. Judge McAllister of Graham county will open a short session of criminal court here today and will remain until Judge Stanford's return on Thursday.

**BRIDGE REPAIRED**—After continuous labor on the Agua Fria bridge, which was wrecked last Friday night letting five cars of a freight train through and killing one man, that structure has been entirely repaired, and train on the Santa Fe used the bridge again, beginning last night, according to information from the office of W. S. Goldenhorby, general agent for the Santa Fe in Phoenix. Passengers have been transferred at the bridge since the accident, but last evening's trains again passed over the structure.

**TWO SMALL FIRES**—Two fires, in neither of which any serious damage was done, called out the fire department yesterday. At 7:10 o'clock yesterday morning, the small residence belonging to H. H. Shirley at 399 East McDowell, occupied by E. F. Parker, caught fire in the basement. The flames were started in a pile of kindling and coal near the furnace. About 1 o'clock yesterday afternoon a call was received by the department from the Southwest Cotton company. The flames were extinguished before the fire gained much headway. A coincidence was that Mr. Parker, whose residence the fire started yesterday morning, is one of the officials at the Southwest Cotton company plant.

**MARSHALL ARRIVES**—Hugh D. Marshall arrived in Phoenix today from a tour which he has been making in practically all of the western states in connection with the War Savings Thrift campaign. For the past several months Mr. Marshall has been very closely associated with Frank A. Vandierp, president of the National City bank in New York, who was appointed by Secretary McAdoo to plan the present system for small savings. Mr. Marshall spent a large portion of yesterday at the headquarters in the O'Neil building, giving them further information on the wonderful plan which has been adopted by the government.

**Amisquitee First Buzzes In Then Buzzes Out Again**

Amisquitee from California, in certain sections of which are tule lands, and swamps and stagnant waters, lighted in Judge Thomas' court yesterday. It was not "amisquitee" that flies because it was indicated that brake beams had served the purpose of the balmly ether navigated by certain of the species. Also any familiarity with the above mentioned aqua impura was notably absent.

Amisquitee whose first name was Glenn, making a sum total of Glenn Amisquitee, was him who had come under the baleful glare of a local policeman. Incidentally baleful could not be construed to mean furnishing bail, for Amisquitee buzzed around the interior of the city bastille Monday night. Yesterday afternoon he was given a "flicker" by Judge Thomas, who declared the offender's story did not listen well.

Amisquitee said that he had come recently from California with a view to reading enough money to get home for Christmas.

"Where is your home?" asked the magistrate.

"In California," said the prisoner.

"So you came all the way to Phoenix to make enough money to go back to where you came from?" asked the judge.

There was no response.

ment to have everybody help in connection with the war.

**DERO'S DOG IS GONE**—Dero Griffith, of 733 West Buchanan street, in fact the whole Griffith family, is mourning the loss of a valuable thoroughbred English pointer dog, aged about one year. Dero raised the dog from a puppy and it was a general favorite in the neighborhood. Four men in an automobile were seen to pick up the dog and start away with him. Unless the pet is returned shortly, a well defined suspicion on the part of Griffith may lead to the arrest of the parties, whom the owner of the dog is quite certain he knows.

**PLEA FOR BOOKS**—A plea for reading matter, particularly novels, has been received by Con P. Cronin, state law librarian, from soldiers stationed at Arivaca and Lochiel. The former is in Pima county, and the latter in Santa Cruz, but both are near the border and isolated. Mr. Cronin announces that he will gladly forward to the boys at those places any reading matter donated for that purpose by Phoenix people. Novels, and not periodicals, will be more appreciated by the soldiers, Mr. Cronin declares.

**INQUIRY DATE**—The inquiry which the corporation commission is to conduct into the causes of the recent wreck on the Santa Fe at the Agua Fria bridge in which one man lost his life, and originally set for Wednesday, December 19, has been postponed until Friday, December 21, at 2 o'clock, at the corporation commission offices in Phoenix. All Santa Fe officials and employees having knowledge of the particulars of the accident have been cited to appear on that day and give their testimony.

**OBITUARIES**

**Mrs. Sarah A. King**  
After an illness extending over a considerable period, Mrs. Sarah A. King died at 7 o'clock last evening at her home, 1324 North Third street. She was 78 years old and had made her home in Phoenix since the death of her husband in Munich, Pa., ten years ago. She was the mother of eight children, two of whom, John E. King and Mrs. L. J. Baskwitz, live in this city. Announcement of funeral arrangements will be made later.

**NAVY STILL IN NEED OF MEN**

Due to the general impression that enlistments in the navy could not be made after December 15 there has been a notable dropping off during the past two days," says Recruiting Officer Flynn in charge of the local station.

"We are still accepting all men who can furnish certificates showing that they are not a part of the last 15 per cent, drafted and certified into the military service."

Several more local men have enlisted during the past week. They are as follows:

George Curtis, Clark Wood, Larry F. Cluff, Matt O. McGee, Walter E. Horton, Emil G. Boehm, Ralph E. Prentiss, Henry G. Woods, Francis M. Mognott, Jr.

**LOST NO TIME IN HIS START**

Nat Hassan is a vender of silk kimonoes and other fine fabrics. When he appeared in Judge Thomas' court on a charge of peddling without a license Hassan remarked:

"I was in town 20 minutes Saturday night when a policeman grabbed me."

Patrolman Valenzuela offered to bring half a dozen witnesses to show that Hassan had endeavored to sell his wares since his arrival in Phoenix, despite the fact that he had been in town only a few minutes. In fact, it was indicated that Hassan got busy immediately.

In face of the promised evidence Hassan agreed to purchase the license at once or eschew offering his wares for sale.

Hear Dr. Robinson, Thursday evening at the high school.—Adv. ds

**REAL RUGGLES MUGGED HERE**

"Ruggles of Red Gap" strolled along Washington street in Phoenix yesterday afternoon and incidentally was photographed in 150 feet of moving picture film which will be shown in hundreds of movie theaters throughout the country.

Taylor Holmes, star of the Essanay company making the "Ruggles of Red Gap" picture in Phoenix, took a few minutes off from the making of the film yesterday afternoon and, in Ruggles costume and make-up, wandered in front of the Hip theater where he was photographed in company with scores of Phoenix people.

The 150 feet of film thus secured will be used throughout the country to advertise the coming of the "Ruggles of Red Gap" picture. Incidentally, several local people also will have their likenesses exhibited to many millions of people.
